FROM OGDEN.

Items of Interest from the Junction.

The Disgruntled Democrats.—
Educational Convention.—Sad Fate.

OGDEN, April 5th, 1884.

Most of the leading Democrats of this city are anxious to have a Democratic Territorial convention. No doubt they want to air their oratory to prevent explosion, as they have not enjoyed themselves in that capacity for a long time. Perhaps it would be as well to have such a convention at this juncture, that the influence of the grand old party may be felt, and especially as we have the privilege of sending delegates from our Territory to that to be held in accordance with the resolutions of the National Committee.

Our "Hero" here of the *Trib.* has a wonderful faculty to fill up his quarter of a column in that sheet by spreading out suggestions and suppositions and puffs so thin that a fellow must read the quota through to get one item of news. So much twaddle and many pointless items must disgust the "local" as they do the reader. Branch offices don't seem to be beneficial.

The New West Educational Commission association of teachers and preachers of Utah, in connection with the Congregational Church, met in semi-annual session in Ogden this week, opening on Wednesday last. The Territory was well represented, the ministers and teachers with some delegates, being present from several localities where the churches and schools are organized. The attendance was large, and the several sessions of deep interest from the cheering reports, discussions and speeches which were given. A grand educational work is being carried on. The teachers are enthusiastic and zealous, and the reports of the progress both of numbers and acquisitions of the scholars are highly satisfactory. The welcome with which the schools are received throughout the Territory speaks much for the educational spirit possessed by our citizens everywhere, and what with the district common schools in all our settlements, shows that for educational advantages and application and general attendance we are not behind any State or Territory in the Union on the road to knowledge and progress. The convention before its adjournment, held a social in their "New School" in this city, on Friday, and the numerous visitors, all of whom were in sympathy with the educational movement, enjoyed a "feast of reason and the flow of soul." A delightful time was the result of the meeting, as it could not be otherwise with persons of such culture, refinement and acquisitions as characterized the whole proceedings. By vote it was carried that the next convention will be held in Salt Lake City in November next, where we are sure they will receive a hearty welcome.

DEATH BY PARALYSIS.

A sad and sudden death occurred in Ogden last week, which should have a lesson or moral for thoughtless women. In the Central Hotel a woman, who had been boarding there for a few days, was attacked by paralysis on the right side of her body, causing, as is usual, loss of power of the whole of that side, and rendering her speechless. Every kind of attention was shown by Mr. and Mrs. Chamberlain, and by Dr. Adams, but the poor creature, from a diseased state of body, was unable to stand the shock, and she passed away. About September last she arrived in Salt Lake City, in company with a man from Denver, named A. O. Simons, who passed her off as his wife, and in that capacity lived together in your city. He was employed as a collector for the Finger Sewing Machine Company, and remained in that position until February, when he was removed to Helena, Montana, to be agent for the same company there. He left her behind him, she having no legalism on him, to do the best she could for herself, and she followed her unvirtuous course of life, carrying with her disease, and associating with the frail fair ones. It appears that she still banked after the man, and was thus far on her road to go to him, hoping to work her way by degrees as she could gain the means, but death relieved her of her suffering and shame. We could not learn her true name.

Coughing Congregations.

Clergymen who are annoyed by fits of coughing and nasal trumpetings so common in churches and meetinghouses at this season of the year, cannot do better than recommend to their flocks an immediate resort to "Hale's Honey of Horehound and Tar." The result of the advice, if taken, will be comparative quiet on the succeeding Sabbath; for this potent remedy will by that time have effected a general cure. Many pastors know from experience the value of the preparation as a cure for bronchial affections and can therefore conscientiously endorse it. Sold by all druggists at 50c. and \$1. Great saving by buying large sizes. Pike's Toothache drops cure in one minute.

"HACKMETACK," a lasting and fragrant perfume. Price 25c. and 50c. Sold by Z. C. M. L. Drug Store.
